

The Road That Never Ends

Composer:

Here we are in this holy place together
Bearing witness as the two of you become man and wife
On this day as you join in heart and spirit
You begin another chapter in the book of life

Love is a circle that surrounds you
You can find it on the faces of your family and friends.
Love, let it wrap it's arms around you
And guide you on your journey down the road that never ends.

There's a song in your hearts you can hear it if you listen
As it whispers through the branches high above the family tree
And as time plays it's melody upon you
You can rest assured in knowing
That your right here where you should be

Love is a circle that surrounds you
You can find it on the faces of your family and friends.
Love, let it wrap it's arms around you
And guide you on your journey down the road that never ends.
